COTTON CREPE KIMONOS

Probably no Wrapper yet invented is more all around useful than the Kimono of cotton crepe. It gets along cheerfully without ironing, light, packs easy, and its soft lavenders, grays, pinks and blues are delightful, some pretty and attractive designs in Japanese flowers or vine effects, and you would wonder why they are not more than \$2.50 each. Some simpler ones at \$1.50.

Offered Jersey City School With \$1400 Salary.

Miss Jessie Baldwin, daughter of Mr. and Mrs. J. B. Baldwin received a telephone offer Thursday afternoon of an appointment as teacher in one of the Jersey City schools at a salary of \$1400 per year. Miss Baldwin, who is spending her vacation at Bethelham, N. H., has accepted a position as teacher in one of the schools in one of the suburbs of New York at a larger salary than the Jersey City opening offers. Miss Baldwin is a graduate of the Windham High School and Mt. Holyoke college and took a most-graduate course at the state normal school in this city.

Walter King, whose sidewalk and curbing on Sumner street are found to be a foot into the street, says it was engineer Collins, assistant in City Engineer Mitchell's office who discovered the blunder and reported the matter to the city officials. The city authorities, Mr. King also states, have agreed to establish the proper lines and correct the blunders that the city ought to have known when the sidewalk and curbing were laid.

Application For Fair Concessions.
The Harvey-Sadd-Macfarlane management of the Horsehoe Fair association are already laying plans for exciting races, interesting bunnies and a midway, as well as good food, poultry and cattle exhibits at the Willimantic fair in September. Already applications have been received for privileges and as far as possible it is the policy of the management to award the privileges to local parties when it can be done without financial loss to the association. Merchants are all ready expressing interest in the fair and their exhibits in the hall will be more numerous and larger than ever before, it is expected.

Father Bellorose and Dr. Girouard Going Abroad.

Extra 2-Mill Tax.
It is said that Windham will have to figure on laying an additional 2-mill tax at next year's town meeting to provide for the payment of the extra state tax of \$28,000. Taxpayers think that with the desirable change in some of the town officials a substantial share of the state tax could be saved by eliminating unnecessary inspectors of painting jobs and other fifth wheels to the town coach.

1899's Reunion Thursday.
Five members of the class of 1899, of the Windham High school, four ladies and one young man, enjoyed an informal reunion and took dinner at the Blodwell home, August 7, Thursday. S. school days, the pleasures of the lake were improved and the day was a happy one for the 1899 quintette.

His Body Suspected.
Patrolman Enander brought a fellow to the police station Thursday afternoon whom he found loitering in St. Mary's Catholic church under what seemed to Rev. Father Pappion, the pastor, to be suspicious circumstances. The man was closely questioned by Chief Richmond. He said he had come from Providence on the noon train, that he was on his way to Manchester and he belonged in Hartford. He said he was sitting in St. Mary's church the side door of which was open, reading. He gave his name as Michael Shugart and asked to mind his business and leave the city.

Members of the local board of trade, who are the local board of trade, to notify C. C. Tracy, secretary, of their willingness to attend and convey members or friends, restricted to gentlemen who do not make a charge of delegation from Willimantic are likely to attend and it will be surprising if any of the board do not put over some interesting stunts. It was decided not to ask the merchants to close their stores on that day in view of the all-day holiday August 21. The local contingent who attend will probably assemble at 10 a. m. Thursday, Aug. 14, in front of Samuel Chesboro's store on Main street.

curbing about St. James' property on Franklin and Water streets. In response to a question as to whether it was the practice for the town to furnish curbing to property owners Moderator Bullard said no; that precedent was being established. W. S. Brown said that if the town was going to furnish curbing to taxpayers, he, as a taxpayer, would like some, too.

L. J. Morin, who made the motion for the appropriation, said that St. James' parish saves the town of Killingly approximately \$10,000 a year by maintaining a parochial school, thus reducing by that amount the town's school expenses. For that reason he felt, he said that he was not asking for a gift nor reward in the form of an appropriation for curbing, but for money with which to make a needed improvement to a street that badly needs attention and where the church is about to spend several hundreds of dollars for its sidewalk.

Mr. Morin moved that a rising vote be ordered, but this was objected to by a number of persons, so that the ballot was ordered by Moderator Bullard. Alma Forcier and Edward S. Carpenter were named as tellers. The vote was 23 to 19 in favor of the appropriation, many in the meeting failing to vote.

Ellowitz says that he took the money from Ellowitz's bakery while the latter was sleeping and left the bakery, leaving a batch of bread to be burned. Chief Pilling sent out various telephone messages to police headquarters in Eastern Connecticut Thursday, but could get no trace of the young man who is said to have come here from Moseup only a few days ago.

FALL RESULTS FATALITY.
Frank Smith of Brooklyn Did Not Survive Injuries Received Monday.

Frank Smith, 75, a well known resident of the town of Brooklyn, died at his home, Brooklyn, Wednesday, death resulting from an accident to Mr. Smith Monday of this week, when he fell from a load of hay and was so seriously injured that his recovery was despaired of from the first. Mr. Smith, a native of Ireland, has been a resident in Brooklyn and a successful farmer for many years. For more than two score years he has come to Danielson once each week to supply his local customers with butter, eggs and other products and he traveled over the route as regularly as the seasons themselves passing in regular order.

Mr. Smith was a fine, genial man, always cheery and bright and always active even during his latter years. He leaves his wife, one son, Daniel, and one daughter, Annie, who live in Brooklyn.

\$6,000 APPROPRIATED.
For New Schoolhouse at Willimantic—Majority Vote for \$500 for St. James Property Curbing—Parish Saves Borough \$10,000 Yearly.

Only a small number came out for the special town meeting Thursday afternoon. The meeting was called to order at 2 o'clock by Town Clerk Frank T. Preston. Warden W. L. Bullard was selected as moderator.

Notwithstanding the announcement that the Killingly Manufacturing company of its headquarters at Akron, O., would not urge the construction of a school building this year, the company's position and reasons being stated to the meeting by Agent Robert W. Boye, the final action of the meeting was to pass a vote appropriating \$5,000 for the construction of a building at Willimantic. This appropriation is not to become available until April 1, 1914, and the appropriation is to be expended only upon the provision that the Killingly Manufacturing company give a site for the building, as they have agreed to do.

Alma Forcier and H. Denham Arnold, Willimantic, were among those pointed out the fact that the town owns no school building at Willimantic and while it might not be necessary to erect a new building until next year, they thought it best that the appropriation for one be made at the meeting. The vote for the building and the appropriation was unanimous.

On motion of Mr. Forcier, who also made the appropriation motion, the following committee was named: Selectmen Hiram R. Franklin, John A. Patne, Frank T. Field, Robert W. Boye and Charles S. Francis.

The meeting also appropriated \$500 for the purchasing and placing of

FAIR GROUNDS SALE.
Property May Be Bought by Springfield Real Estate Men.

A deal is pending for the sale of the fair grounds property, owned by Richard Gorman and M. R. Joy of this city, to real estate men in Springfield who plan to develop the property. Mr. Gorman said Thursday that the plan of the prospective buyers is to run streets, divide the land into building lots and sell them.

There are about 25 acres in the tract. It is situated on the trolley line, is close to the business center and developed would make a fine residential addition to the city.

No fair has been held on the grounds for several years. The grandstand was torn down a few weeks ago that the lumber might be used in the construction of the new Tatem shop, and a short time previous to the removal of that building the exhibition hall and the exhibition buildings were destroyed by fire. Since then some of the cattle buildings have been torn down, so there is little left at the fair grounds in the way of structures. It is expected that the deal transferring the property will be closed at once.
